Director Kramer:

FHWA/FTA Approval of Amendment 5 to the Nebraska FY 2024-2027 Statewide Transportation Improvement Program

This letter is to inform you of the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) review and approval of the projects contained in Amendment 5 to the Nebraska Department of Transportation (NDOT) FY 2024-2027 Statewide Transportation Improvement Program (STIP), including the projects from the incorporated Metropolitan Transportation Improvement Program (TIP) for Omaha (MAPA). NDOT did not receive comments on the proposed Amendment 5 to FY 2024 – 2027 STIP during the public comment period.

The MAPA Board of Directors approved Amendment 4 to the MAPA TIP on March 28, 2024. NDOT found Amendment 4 to the MAPA TIP to be fiscally constrained and in accordance with the MAPA Public Participation Plan. NDOT approved MAPA TIP Amendment 4 for inclusion into the NDOT STIP on April 3, 2024.

In accordance with 23 CFR Part 450.220 (b), FHWA and FTA have determined that the projects included in Amendment 5 to the FY 2024-2027 STIP are based on a transportation planning process that substantially meets the requirements. Based on the FHWA and FTA review of the FY 2024-2027 STIP, monitoring activities throughout the year, the MPO's self-certifications, and the planning finding, Amendment 5 to the FY 2024-2027 STIP is hereby approved.

If you have any questions or need additional information, please contact Justin Luther, FHWA, at (402) 742-8464 or Daniel Nguyen, FTA, at (816) 329-3938.

Sincerely,

Mark Bechtel
Acting Regional Administrator

Gentlemen:

Re: Amendment 5 to the State Transportation Improvement Program for FY 2024-2027

Attached for your approval is Amendment 5 to Nebraska's State Transportation Improvement Program (STIP) for fiscal years 2024 through 2027. In addition to State project adjustments, it includes Lincoln's Modification 5 and MAPA's TIP Amendment 4.

Jaime Kamarad
Highway Program Manager

Dear Ms. Christopher:

SUBJECT: State Concurrence with Lincoln MPO Administrative Modification #5 to the FY 2024-2027 Transportation Improvement Program.

The Nebraska Department of Transportation has reviewed the attached request for an Administrative Modification to the FY 2024-2027 Transportation Improvement Program (TIP) and concurs that this change is an administrative modification per the guidelines for amending or modifying a MPO TIP.

If you have any questions, please contact me at 402-479-4623.

Sincerely,

Craig Wacker AICP,
Planning Manager

RE: Proposed FY 2024-2027 TIP – Administrative Modification No. 5

In accordance with the Lincoln Metropolitan Planning Organization (MPO) “Guidelines for Modifying the Transportation Improvement Program”, minor revisions can be made by the Lincoln MPO staff to a project already included in the Transportation Improvement Program (TIP). Administrative revisions are subject to approval by the Planning Director and do not require committee review or approval.

To process administrative modifications, MPO staff will:

- Enter the requested modifications into the project database and map as necessary.
- Prepare and publish an updated TIP project listing.
- Notify the Nebraska Department of Transportation and request that modifications be included in the State Transportation Improvement Program (STIP).
- A summary of administrative modification activity report will be prepared for the MPO Technical and Officials Committees and posted on the MPO web page.

Summary Report

This administrative modification includes modifications to the City of Lincoln Transportation and Utilities – Transportation program projects for 84th St. and US-6 (Cornhusker Hwy.) - Intersection Improvements and Cotner Boulevard, O Street to Starr Street to reprogram both ROW phases from FY 2024 to FY 2025.

The Lincoln MPO is requesting NDOT’s concurrence for this administrative modification to its Proposed FY 2024-2027 TIP.

Please contact me if you have questions.

Thank you,

Rachel Christopher, AICP
Transportation Planner

Transportation System Optimization															
This program component focuses on optimization of transportation system assets including program delivery, intersection improvements, signal system optimization, street capacity (widening), structures within the built environment, turn lanes, complete streets concepts and technology enhancements. Federal funds will be requested where applicable and matched with City funds to maximize the number of locations where enhancements can be made. Projects include new intersection modifications (turn lanes, roundabouts) new signal system hardware, adding lanes to existing streets, access improvements, bike & ped improvements, signing, safety projects and transportation system management infrastructure. Intersection improvements not yet decided.

Transportation Livable Neighborhoods															
This program component for Livable Neighborhoods is a commitment to improving and maintaining strong, vibrant neighborhoods. In conjunction with Transportation and Utilities, Parks & Recreation and Urban Development, this project provides funding to further that commitment. Funding is provided for planning and design, preliminary engineering and construction of improvements in the public right of way and other measures resulting in Livable Neighborhoods such as street enhancements, park improvements, trails and street trees. Specific locations will be identified through a multi-departmental process to identify and prioritize areas.

DEPARTMENT OF TRANSPORTATION

Jim Pillen, Governor

April 3, 2024

Mr. Michael Helgerson, Executive Director
Omaha-Council Bluffs Metropolitan Area
2222 Cuming Street
Omaha, NE 68102-4328

Dear Mr. Helgerson:

SUBJECT: State Approval of MAPA's FY2024 - 2029 TIP Amendment #4

As the Governor's designee, I am approving Amendment #4 to the MAPA FY 2024-2029 Transportation Improvement Program (TIP) as approved by the MAPA Board of Directors on March 28, 2024 by Resolution 2024-12 and detailed in the attached correspondence. The Nebraska Department of Transportation finds the amendment to be part of a fiscally constrained TIP and in accordance with MAPA's public participation process as outlined in their public participation plan.

MAPA's TIP is included in Nebraska's STIP by reference. These amendment projects get included in Nebraska's STIP when we notify FHWA of a STIP Revision and get their final approval. If you have any questions, please call Craig Wacker at 402-479-4623.

Sincerely,

Ryan Huff, P.E.
Chief Strategy Officer

Re: Amendment 4 to MAPA's FY2024 Transportation Improvement Program

Dear Mr. Wacker,

Enclosed is Resolution 2024-12 taken by the MAPA Board of Directors at their March 28, 2024 meeting. This resolution is for the 4th amendment to the MAPA FY2024-2029 Transportation Improvement Program (TIP). A copy of this amendment is included in this packet.

Please review the proposed TIP amendment for addition to Nebraska's STIP, which includes MAPA's TIP by reference. Please contact me, or Court Barber (cbarber@mapacog.org), if you have any questions.

Sincerely,

Carlos Morales
Transportation & Data Manager

OMAHA-COUNCIL BLUFFS METROPOLITAN AREA PLANNING AGENCY

RESOLUTION NUMBER 2024 – 12

WHEREAS, the members of the Omaha-Council Bluffs Metropolitan Area Planning Agency (MAPA) have been formally designated by their respective legislative bodies to act as the official representative in planning matters of mutual concern; and

WHEREAS, MAPA is the designated Metropolitan Planning Organization (MPO) for the Omaha-Council Bluffs Transportation Management Area (TMA); and

WHEREAS, it is the responsibility of the MPO, in conjunction with the States, to certify that the transportation planning process complies with all applicable federal laws and regulations; and

WHEREAS, a fiscally constrained and prioritized Transportation Improvement Program (TIP) for intermodal planning is required by the U.S. Department of Transportation (DOT) and was developed by the MPO for the Omaha-Council Bluffs metropolitan area; and

WHEREAS, in TMAs, all projects except national highway system, interstate maintenance, and bridge projects are to be selected by the MPO in accordance with the priorities in the TIP; and

WHEREAS, the fiscal year (FY) 2024-2029 TIP, which defines the capital improvements for streets, highways, transit, enhancements, and airports for the jurisdictions in the metropolitan area for a six-year period, has been approved by the MAPA Board of Directors; and

WHEREAS, the following changes are proposed for Amendment 4 to the FY 2024 – 2029 TIP:

Lead Agency	Project	Change Description
Douglas County	Bridge Replacement - Q St. at Elkhorn River	Control number added. Description updated. STBG-MAPA funding added \$80,000.00 for ROW in FY2027. STBG-MAPA funding decreased from \$3,677,000.00 to \$3,600,000.00 for UTIL-CON-CE in FY2027.
City of Papillion	East 6th Street, 72nd - 84th	Phase adjustment for STBG-MAPA PE-NEPA-FD moved from FY2026 to FY2024. Control number added. Description updated for change in scope on 6th street from 72nd to 96th to now 72nd to 84th. STBG-MAPA funding added \$400,000.00 for ROW in FY2028. STBG-MAPA funding decreased from \$1,200,000.00 to \$869,740.00 for PE-NEPA-FD in FY2028. STBG-MAPA funding decreased from \$8,000,000.00 to \$6,957,000.00 for UTIL-CON-CE in FY2028.
City of Omaha	N-64 / Link 28-K Corridor Study, Omaha	Project added from 2023-2028 TIP with STBG-MAPA funding \$300,000.00 for General Planning in FY2024.
City of Omaha	Storz Expy & Sorensen Pkwy Resurfacing	AC Resurfacing project added to the TIP with Local funding \$10,000.00 PE-NEPA-FD (AC) added for FY2024, and \$8,240,480.00 UTIL-CON-CE (AC) added for FY2025. STBG-MAPA funding programmed for AC Conversion in FY2028 of \$6,600,380.00. Location description added.
PMRNRD	Elkhorn River Trail Bridge	Project added to the TIP with TAP-State funding of \$320,000 PE-NEPA-FD for FY2024, \$80,000 ROW for FY2025, and \$4,320,000 UTIL-CON-CE for FY2026.
City of Omaha	Signal Infrastructure Phase E2	Control number added.
City of Omaha	Signal Infrastructure Phase F1	Control number added.
City of Bellevue	Fort Crook Road Bridge Feasibility and	Control number added.

	Planning and Environmental Linkages	
City of Omaha	24th Street Streetscape Improvements	Discretionary funding increased from \$421,280.00 to \$429,280.00 for PE-NEPA-FD in FY2024, with local funding increased from \$105,320.00 to \$107,320.00. Discretionary funding for UTIL-CON-CE increased from \$3,514,400.00 to \$3,520,400.00 in FY2026. Control number added. Description updated. PE-NEPA-FD moved from FY2023 to FY2024, and FY2025 to FY2024.
NDOT	US-275/72nd St, Omaha	UTIL-CON-CE BRI funding changed to NHPP, with the project changing from FY2027 to FY2025.
City of Omaha	Blackstone Streetscape Improvements	Phase adjustment for Discretionary PE-NEPA-FD moved from FY2023 to FY2024. Location and Description updated to reflect the project moving from Farnam Street to Harney Street.
Douglas County	Western Douglas County Trail	Project added to the TIP with TAP-State funding of \$320,000 PE-NEPA-FD for FY2024, \$80,000 ROW for FY2025, and \$1,600,000 UTIL-CON-CE for FY2026.
NDOT	NH-480-9(13)	Project is being delivered under a new control number.
NDOT	US-75, Chandler Road - F Street	Project is being delivered under a new control number.
Metro Transit	5339 Program of Projects	Program updated to include \$5,222,000 of FTA 5339 funding in FY2024 for rolling stock and bus shelter upgrades.

; and therefore be it

RESOLVED, that the FY 2024 – 2029 Transportation Improvement Program be revised to include these changes.

PASSED this 28th of March, 2024

 Carol Vinton
 Vice Chair, MAPA Board of Directors

FY2024 TIP Amendment 4

Effective Date	03/28/2024
Type of Approval	Final
Referring Committee(s)	TTAC
Committee Recommendation	Approve
Staff Recommendation	Approve

Background

The FY2024 TIP was approved by the Board of Directors in June of 2023 and will become effective October 1, 2023. Since then several amendments have been needed to accommodate cost and scope changes for projects within.

Revisions

The following changes are proposed for this amendment:

Lead Agency	Project Name	Location	Description
Fiscal Impact - MAPA			
Add/Update Control Number			
Douglas County	Bridge Replacement - Q St. at Elkhorn River	In Douglas County, along Q Street on existing alignment over the Elkhorn River.	Control number added. Description updated. STBG-MAPA funding added \$80,000.00 for ROW in FY2027. STBG-MAPA funding decreased from \$3,677,000.00 to \$3,600,000.00 for UTIL-CON-CE in FY2027.
Phase Adjustment			

Lead Agency	Project Name	Location	Description
City of Papillion	East 6th Street, 72nd - 84th	In the Cities of Papillion and LaVista on 6th Street/Cornhusker Road from east of the intersection of 6th Street/Cornhusker Road and 84th Street to west of the intersection of Cornhusker Road and 72nd Street.	Phase adjustment for STBG-MAPA PE-NEPA-FD moved from FY2026 to FY2024. Control number added. Description updated for change in scope on 6th street from 72nd to 96th to now 72nd to 84th. STBG-MAPA funding added \$400,000.00 for ROW in FY2028. STBG-MAPA funding decreased from \$1,200,000.00 to \$869,740.00 for PE-NEPA-FD in FY2028. STBG-MAPA funding decreased from \$8,000,000.00 to \$6,957,000.00 for UTIL-CON-CE in FY2028.
Project Added - In Previous TIP			
City of Omaha	N-64 / Link 28-K Corridor Study, Omaha	In the City of Omaha, Nebraska Highway 64 / Link Highway 28-K corridor of Cuming St (28th St to NW Radial Hwy), NW Radial Hwy (Cuming St to Military Ave/ 63rd St), and Military Ave (NW Radial Hwy/ 63rd St to 70th Ave).	Project added from 2023-2028 TIP with STBG-MAPA funding \$300,000.00 for General Planning in FY2024.
Project Added - New			
City of Omaha	Storz Expy & Sorensen Pkwy Resurfacing	Various locations along Storz Expressway and Sorensen Parkway in the City of Omaha.	AC Resurfacing project added to the TIP with Local funding \$10,000.00 PE-NEPA-FD (AC) added for FY2024, and \$8,240,480.00 UTIL-CON-CE (AC) added for FY2025. STBG-MAPA funding programmed for AC Conversion in FY2028 of \$6,600,380.00. Location description added.
Fiscal Impact - Metro Transit			
Funding Decrease			
Metro Transit	Training		\$41,600 of FTA 5339 funding for Training in FY2024 removed.
Project Added - New			

Lead Agency	Project Name	Location	Description
Metro Transit	Transit Enhancements - Transit Centers	Multiple locations within the City of Omaha.	Project added to the TIP with \$180,000 of FTA 5339 funding in FY2024 for engineering and design and \$1,852,000 of FTA 5339 funding in FY2024 for rehab and renovation of bus stations.
Metro Transit	Rolling Stock	Omaha-Council Bluffs TMA	Project added to the TIP with \$3,190,000 of FTA 5339 funding in FY2024 for bus replacement.
Fiscal Impact - Other			
PMRNRD	Elkhorn River Trail Bridge		Project added to the TIP with TAP-State funding of \$320,000 PE-NEPA-FD for FY2024, \$80,000 ROW for FY2025, and \$4,320,000 UTIL-CON-CE for FY2026.
Fiscal Impact - State			
Add/Update Control Number			
City of Omaha	Signal Infrastructure Phase E2	Various locations within the City of Omaha.	Control number added.
City of Omaha	Signal Infrastructure Phase F1	Various locations within the City of Omaha.	Control number added.
City of Bellevue	Fort Crook Road Bridge Feasibility and Planning and Environmental Linkages	In the City of Bellevue along Fort Crook Road crossing the Papillion Creek.	Control number added.
Funding Increase			

Lead Agency	Project Name	Location	Description
City of Omaha	24th Street Streetscape Improvements	In the City of Omaha along 24th Street from Ohio Street to Sahler Street.	Discretionary funding increased from \$421,280.00 to \$429,280.00 for PE-NEPA-FD in FY2024, with local funding increased from \$105,320.00 to \$107,320.00. Discretionary funding for UTIL-CON-CE increased from \$3,514,400.00 to \$3,520,400.00 in FY2026. Control number added. Description updated. PE-NEPA-FD moved from FY2023 to FY2024, and FY2025 to FY2024.
Funding Source Change			
NDOT	US-275/72nd St, Omaha	US-275/72nd St, Omaha	UTIL-CON-CE BRI funding changed to NHPP, with the project changing from FY2027 to FY2025.
Phase Adjustment			
City of Omaha	Blackstone Streetscape Improvements	In the City of Omaha, along Harney Street from S 41st and S 35th St.	Phase adjustment for Discretionary PE-NEPA-FD moved from FY2023 to FY2024. Location and Description updated to reflect the project moving from Farnam Street to Harney Street.
Project Added - New			
Douglas County	Western Douglas County Trail		Project added to the TIP with TAP-State funding of \$320,000 PE-NEPA-FD for FY2024, \$80,000 ROW for FY2025, and \$1,600,000 UTIL-CON-CE for FY2026.
Project Removed from TIP			
NDOT	NH-480-9(13)	I-480 Bridges, Woolworth-St. Marys Ave	Project is being delivered under a new control number.
NDOT	US-75, Chandler Road - F Street	On US-75, Chandler Road - F Street, Omaha	Project is being delivered under a new control number.

Nebraska's Statewide Transportation Improvement Program Fiscal Years 2024–2027

Amendment 1—October 30, 2023

Amendment 2—December 19, 2023

Amendment 3—January 29, 2024

Amendment 4—March 8, 2024

Amendment 5—April 10, 2024

DEPARTMENT OF TRANSPORTATION

Prepared by:

Program Management
Division September 1, 2023

Vicki Kramer—Director

Nebraska's transportation planning process, as well as that of the four metropolitan planning areas is being carried out in accordance with all federal laws, rules and regulations.

Nebraska's 2024 through 2027 STIP includes the following:

- **Financial information showing expected state highway cash revenues for the STIP period,**
- **A summary by fund category of all federal funds expected to be received and obligated by NDOT and the four MPO's during the STIP period,**
- **A detailed listing of state highway and local projects, excluding projects in the Lincoln, South Sioux City , Grand Island and Omaha MPO's. MPO projects are included by reference and are shown as a line item by funding category in the STIP,**
- **A listing of Section 5310 and 5311 transit projects,**
- **Listings of BIA and Federal Lands projects if available at the time of publication. If unavailable, these will be added by revision as they are received.**

Additional information on the development of and details included in the STIP can be found at:

<https://dot.nebraska.gov/projects/publications/stip/>

Performance Management Inclusion in NDOT STIP

Introduction

In November 2021, federal transportation legislation called the “Infrastructure Investment and Jobs Act,” commonly referred to as IIJA, increased federal investments for new infrastructure. These measures are in addition to those enacted by the Moving Ahead for Progress in the 21st Century Act and the Fixing America’s Surface Transportation Act (FAST Act), Public Law No. 114-94, that implemented a performance-based approach for the Statewide and Metropolitan Transportation Planning Process in 2015. Established measures were developed to reflect national goals which included things like safety, infrastructure condition, air quality, and transportation system performance. New measures, introduced by IIJA focus on the new National Electric Vehicle Infrastructure (NEVI) and Local Bridge Selection (Off the Federal Aid-System) BRO Funding. Since 2017, the Nebraska DOT (NDOT) has been collecting and reporting performance data in accordance with the federal requirements. The following sections describe NDOT’s use of performance management in its processes and decision making related to STIP Development. Established measures were developed to reflect national goals which included things like safety, infrastructure condition, air quality, and transportation system performance. Since then, the Nebraska DOT (NDOT) has been collecting and reporting performance data in accordance with the federal requirements. The following sections describe NDOT’s use of performance management in its processes and decision making related to STIP Development.

Cooperation

To implement the performance measure requirements of the IIJA , MAP-21, and FAST Act, NDOT has worked with its transportation partners (i.e., the MPOs and transit providers) since 2016. The effort has led to provisions for collecting and sharing transportation performance data, the selection of performance targets, and the reporting of performance targets, pursuant to 23 C.F.R. 450.314(h).

Project Selection Process

The STIP’s purpose is to provide for the development and integrated management of the state’s transportation systems. These systems, and their performance, are complex since they interact with the natural and man-made environment. To better understand the correlation between NDOT action, the environment, and various performance outcomes, the NDOT engages in data collection. This data allows decision makers to assess the performance of the system. Unfortunately, data is only the reflection of a complicated interplay between NDOT decisions and the environment. As such, the NDOT leverages performance outcomes as only a part of its project selection process for the STIP. Other things that the NDOT considers in its project selection process includes funding, stakeholder input, project readiness, other NDOT performance metrics, and a host of other factors. To put it another way, no single performance number or combination of numbers decide which projects are added to the STIP. The following paragraphs further describe how NDOT is using performance based activities to inform its business practices and influence its planning documents for STIP development.

As mentioned previously, transportation systems are comprised of complex interactions between the user, the environment, materials, etc. Federal performance measures set forth in IIJA, MAP-21 and the FAST Act are essentially high level reflections of what is happening; but may not be able to explain all of what is happening. This is why the NDOT also employs numerous other performance based activities to inform its decision making and project selection.

At the ground levels of the organization, teams are measuring daily activity and reporting performance to their peers during a daily huddle. This performance data is used by the manager to assess the team's productivity and effectiveness. Ultimately, the manager's performance evaluation is tied to the performance of the team he or she manages.

In addition to this, the NDOT continues to build and support its use of a "data warehouse". The data warehouse serves as a central point where all data collected by the NDOT can be accessed for analysis and reporting. In the past, data was stored in different locations and in different formats, making it difficult to compile and analyze. The NDOT's ongoing efforts to centralize and standardize data are leading to better real time management of projects and processes through the use of dashboards and other reports.

Another effort related to the formation of a data warehouse is NDOT's data analytics contract. The NDOT has hired a data scientist to help it study statistical correlations between actions, environment, and performance outcomes. These studies use statistical models and tools to test hypotheses against performance data. The results of these studies give NDOT a better understanding of which "inputs" have the greatest influence on a desired outcome. For example, NDOT studied which factors had the greatest influence on the number of bids we received. With this information, the NDOT was able to pinpoint the factors with the greatest influences and exploit that knowledge to attract more bids, thereby driving down contract awards. Through these types of studies, NDOT hopes to continually refine its business practices to improve project delivery and cost effectiveness.

The measurement and analysis activities described in the previous paragraphs are important since they provide quantifiable insights. However, data alone cannot sufficiently inform all aspects of decision making. This data needs to accompany various planning exercises, like the 3C planning process, to fully form a comprehensive decision making process. For example, planning documents such as the Strategic Highway Safety Plan, the Transportation Asset Management Plan, Freight Plan, and others are informed by data and give stakeholders context from which they can set a vision, goals, and objectives. At the same time technological changes, policy changes and other cultural shifts may change the stakeholder's values which creates the need to reevaluate the data we collect and analyze. In the end, NDOT needs both data and the 3C planning process to continually refine the decision making related to projects selected for the STIP.

The preceding paragraphs describe how multiple inputs, including performance measures, influence the program of projects published in the STIP. With that in mind it's important to explore the individual performance measures that influence NDOT's decision making. The following paragraphs describe the specific federal performance measures along with associated NDOT targets.

Safety

When it comes to improving safety, the NDOT uses a strategic approach that is based on available safety information for its Highway Safety Improvement Program (HSIP). In accordance with the FHWA final safety performance measure (PM1), NDOT's HSIP established safety performance measure requirements for the purposes of carrying out the HSIP and also to assess fatalities and serious injuries on all public roads. NDOT's Strategic Highway Safety Plan (SHSP) is a major component and requirement of the HSIP in accordance with 23 U.S.C. § 148. The NDOT SHSP is a statewide-coordinated safety plan that provides a comprehensive framework for reducing highway fatalities and serious injuries on all public roads. NDOT's plan identifies the most important safety needs and helps to make decisions on projects for safety concerns. NDOT's SHSP can be found at.

<https://dot.nebraska.gov/safety/shsp/>

With these things in mind, the NDOT emphasizes the selection of projects for its HSIP that address the two infrastructure-based Critical Emphasis Areas in the SHSP, Roadway Departure crashes and Intersection crashes. Projects are selected from hazardous location analysis in one of three different multi-disciplinary safety committees which oversee the HSIP. Before a project is selected accident studies, collision diagrams, and maps are examined and occasionally a field review is performed. Benefit/cost ratios are also calculated and used for project selection. Each year the selected projects go through a review and are prioritized in the HSIP Strategic Plan. These projects are then programmed in the STIP according to readiness, funding availability, and competing needs.

Safety Targets

To meet the intent of 23 CFR 450.216 (f) (1) and future updates required in 23 CFR 450.216 (f) (2), the actual adopted Safety targets are displayed in **Table 1**.

Safety Performance Measures - 23 CFR 490 Subpart B

Safety performance measure targets:

- 1) Number of Fatalities
- 2) Rate of Fatalities per 100 million VMT
- 3) Number of Serious Injuries
- 4) Rate of Serious Injuries per 100 million VMT
- 5) Number of Non-Motorized Fatalities and Non-Motorized Serious Injuries

NEBRASKA HSIP PERFORMANCE MEASURES - Baseline 2022 Target Year 2024										
HSIP PERFORMANCE MEASURE	Projected 2020 2024 Actual Avg	Projected 2020-2024 Rolling Avg.	2022 Yearend Actual Values	2024 Yearend Actual Values	5-Year Rolling Average			2024 Target Achieved?	Better Than Baseline?	Met or Made Significant Progress?
					NDOT Target 2019-2024 (A)	Actual 2019-2024 (B)	Baseline 2017-2022 (C)			
Number of Fatalities	235.6	236.2	244.0		234.0 *		235.2			
Fatality Rate	1.110	1.127	1.146		1.120 *		1.130			
Number of Serious Injuries	1,040.0	1,167.9	1,219.0		1,168.0		1,286.4			
Serious Injury Rate	4.904	5.534	5.726		5.539		6.172			
Number of Non-motorized Fatalities and Serious Injuries	58.0	96.8	82.0		96.8		108.4			

*Selected targets based on a reduction of the current increasing trend by 1%

^Selected targets based on NHTSA requirement to show constant or improved performance.

(A) Calendar Year (CY) 2024 Targets are established and reported in the August 31, 2023 HSIP Annual Report.

0.005 added to targets for fatality rate and serious injury rate to offset rounding issues in FHWA calculations.

Nebraska HSO shares 3 targets with HSIP. Nebraska HSO submits number targets rounded to the nearest integer and rate targets rounded to the nearest hundredth. The 3 shared targets have been rounded to match the Nebraska HSO method.

Baseline Year 2022

(B) Actual performance is the 5-year rolling average ending in the year for which the targets were established.

Calendar Years: 2020 Through 2024

(C) Baseline performance is the 5-year rolling average that ends prior to the year in which the targets were established. Baseline performance is calculated in order to compare whether the actual outcome was better than the baseline performance

Calendar Years: 2018 Through 2022

If a State has not met or made significant progress toward meeting its targets, the State must comply with the provisions set forth in 23 USC 148(i) for the subsequent fiscal year. The State shall:

1. Use obligation authority equal to the HSIP apportionment for the year prior to the target year, only for HSIP projects.

2. Submit an HSIP Implementation Plan that describes actions the State will take to meet or make significant progress toward meeting its targets. The HSIP Implementation Plan should guide the State's project decisions so that the combined 148(i) provisions lead to the State meeting or making significant progress toward meeting its safety performance targets in subsequent years.

If the State is determined to have not met or made significant progress toward meeting its CY targets, the State will have to use obligation authority equal to the defined HSIP apportionment year only for HSIP projects in the defined implementation year and submit an HSIP Implementation Plan for the same year.

HSIP Apport. Year	Target Calendar Year	Implementation Year
2023	2024	2027

The State of Nebraska has not waived any privilege it may assert as provided by that law through the dissemination of this document and has not authorized further distribution of this document or its contents to anyone other than the original recipient.

Performance Measures #2 and #3

The NDOT updated its performance targets for Performance Measure 2 (Infrastructure Condition), and Performance Measure 3 (System Reliability and Freight Movement) on September 23rd, 2020 for the first federal reporting period. The first period concluded in 2021 and the second period began in January 2022. The updated targets support the following national goals set for the Federal-aid Highway program:

- Infrastructure condition
 - To maintain the highway infrastructure asset system in a state of good repair.
- Congestion reduction
 - To achieve a significant reduction in congestion on the National Highway System.
- System reliability
 - To improve the efficiency of the surface transportation system.
- Freight movement and economic vitality
 - To improve the National Highway Freight Network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development.
- Environmental sustainability
 - To enhance the performance of the transportation system while protecting and enhancing the natural environment.
- Reduced project delivery delays
 - To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices.

In order to monitor progress towards these goals, IIJA, MAP-21 and the FAST Act require the establishment of a number of performance measures by FHWA and the establishment of targets by state DOTs, public transit providers, and MPOs. These measures and targets are outlined in the following tables titled: *Infrastructure Condition and System Reliability and Freight Movement*. States and MPOs are required to evaluate conditions for these measures, set targets, describe how the projects included in the Statewide Transportation Improvement Program (STIP) and each MPO's Transportation Improvement Program (TIP) will help achieve progress towards the targets, and report on actual results and whether targets were met for the performance period.

Infrastructure Condition

PERFORMANCE MEASURE	2018 BASELINE	2021 4-YEAR TARGET	2021 4-YEAR PERFORMANCE	2022 BASELINE	2023 2-YEAR TARGET	2025 4-YEAR TARGET
% of Pavements of the Interstate System in Good Condition	80.3%	50%	81.1%	TBD	65%	65%
% of Pavements of the Interstate System in Poor Condition	.1%	5%	0%	TBD	5%	5%
% of Pavements of the Non-Interstate NHS in Good Condition	63.4%		61.8%	TBD		
% of Pavements of the Non-Interstate NH in Good Condition (Full Distress + IRI)	-	40%	55.8%	TBD	40%	40%
% of Pavements of the Non-Interstate NHS in Poor Condition	11.5%		12.6%	TBD		
% of Pavements of the Non-Interstate NHS in Poor Condition (Full Distress + IRI)	-	10%	2.3%	TBD	10%	10%
% of NHS Bridges Classified as in Good Condition				57.8%	55%	55%
% of NHS Bridges Classified as in Poor Condition				2.0%	10%	10%

System Reliability and Freight Movement

PERFORMANCE MEASURE	2018 BASELINE	2021 4-YEAR TARGET (ADJUSTED)	2021 4-YEAR PERFORMANCE	2022 BASELINE	2023 2-YEAR TARGET	2025 4-YEAR TARGET
% Interstate	98.6	94.0	98.8	98.8	98.5	98.5
% Non-Interstate NHS	92.6	88.0	96.2	93.6	92.0	92.0
TTTR	1.10	1.25	1.14	1.12	1.20	1.20

At a minimum, the NDOT meets with MPOs ahead of each performance reporting period to discuss performance and associated target setting methodology to coordinate its efforts. Beyond this coordination, NDOT subject matter experts review performance periodically and hold ad hoc coordination with MPOs where necessary. These meetings describe how NDOT uses a performance-based approach to manage its pavement and bridge transportation assets. Each year, NDOT reviews the performance of its assets, and its asset management practices, in order to define clear standards, provide the best service, and report on the progress made toward reaching performance goals. This information is compiled and disseminated in NDOT's annual report found at <https://dot.nebraska.gov/news-media/annual-report/>.

Moving forward, the NDOT will continue to use state performance measures for management of assets and reporting to the annual report. In addition, the NDOT will report the following pavement indices to the FHWA to be used in determining targets and/or progress towards target achievement for national performance measures:

1. Average IRI
2. Cracking Percentage
3. Average Depth of Rutting
4. Average Height of Faulting

These indices will be used to determine whether a pavement section is considered Good, Fair, or Poor. The NDOT will report the following bridge indices to the FHWA to be used in determining targets and/or progress towards target achievement for national performance measures:

1. Deck rating
2. Superstructure rating
3. Substructure rating
4. Culvert rating

These indices will be used to determine whether a structure is considered Good, Fair, or Poor. In some cases, if the state does not meet its targets, there will be restrictions on how certain funding programs can be used or additional planning efforts may be required.

Several offices across the NDOT continue working together to execute the requirements for performance measures, target setting, and reporting. The performance measures and targets will be integrated directly and indirectly throughout the planning and programming process. The Nebraska DOT will also continue to coordinate with the state's public transit providers and MPOs on target setting and monitoring.

Nebraska Transportation Financing

(A) Adjusted semi-annually.
100% to NDOT

(B) Adjusted semi-annually.
66% - NDOT
34% - Cities & Counties

(C) NDOT share 100% to TIB
July 2016 thru June 2033.

\$35 million transferred from NHPP to STP in FY-24 & FY-25; \$50 million in FY-26 & FY-27

Fund Descriptions:

NHPP - National Highway Performance Program

NHFP - National Highway Freight Program

STP - Surface Transportation Program - includes all funds allocated under this program except those allocated to Lincoln and MAPA. Also includes miscellaneous funds apportioned for use on any eligible Title 23 project; Congestion Mitigation, STP Infra, Redistributed funds, Carbon Reduction, PROTECT, etc.

NEVI - Electrical Vehicles

BRI - Bridge Infrastructure Program

BRO - Surface Transportation Program Funds set aside for off system bridges including Highway Infra Br Off System

STP Lincoln - STP funds allocated for use in the Lincoln Metropolitan Planning Area

STP MAPA - STP funds allocated for use in the Omaha Metropolitan Planning Area

SFTY - Highway Safety Improvement Program (includes Rail Safety)

EM - Earmarks - Discretionary, Demonstration, Federal Lands and other funds not distributed by federal formula

EM* - Earmarks - Grant funds are not available until Grant Award. If not awarded, alternative funds will be identified as these are priority projects for Nebraska

Grouped Project Categories:

TAP - Transportation Alternatives

Minor SFTY - Safety projects that are not regionally significant

RTP - Rec Trails Program

Grouped Project Estimates by Fiscal Year

Projects in these categories are not listed in the STIP individually unless they are part of a project of such magnitude to be considered regionally significant.

Grouped Project Categories	2024	2025	2026	2027
Minor Safety Projects	6,281	0	0	0
Transportation Alternatives	12,835	0	0	0
Recreational Trails	2,628	0	0	0

Interpreting the project details:

Control and Project Numbers - Project identifiers assigned by NDOT. The first digit in the control number is the field district in which the project is located.

Jurisdiction – entity responsible for carrying out the project.

Control No 51618 Project No NH-71-3(128) Jurisdiction NDOT Improvement Br repair, expansion joint replacement, deck surface treatment
 Location: Scottsbluff Area Bridges Hwy N-71 Begin RP 56.10 Length 0.0 County Scotts Bluff
 Detailed Termini: N-71 bridges in the Scottsbluff area

	Estimate (\$1,000)						Total Project Cost: \$1,908
	Prev FY	FY24	FY25	FY26	FY27	Future FY

Work Phases-
PE – preliminary engineering
ROW – right-of-way acquisition
Const / CE – utilities, construction and construction engineering

Fund type and amount expected to be obligated in each fiscal year - Estimates are in year-of-expenditure dollars. For this STIP period, estimates are inflated at a rate of 5% for FY-24 and FY-25 and 3% per year thereafter.

Nebraska's Statewide Transportation Improvement Program FY 2024 Thru FY 2027
